

Tapestry Policy

We use an online system called Tapestry to record and store all observations and assessments relating to each child. It shows children's developmental progress through the different age bands of the EYFS and is a safe and secure system and one that enables parents and carers to access their child's learning journey at any time. They can share it with their child, family and friends at home and also post any comments and photographs of their own, helping to create a fully holistic view of the child and strengthen the parent partnership.

Procedures

- The Learning Journey is set up then the child starts at Whitsers Pre-School.
- New observational entries to a child's Learning Journey will usually be uploaded within two weeks of the observation being made.
- Staff are encouraged to make observations of all the children at the setting, not just their own key child.
- Tapestry is not used as a general communication tool between Whitsers Pre-School and home. A child's learning journey is a document recording their learning and development and parents may add comments on observations or contribute photos, videos or information about activities they have been doing at home.

Safety and Security

- Staff use the setting tablets to take photographs for observations which are then uploaded to Tapestry.
- Each staff member has a secure login which is password and pin protected.
- The tablets are kept in a locked filing cabinet overnight.
- Staff will be allocated time away from work to update journals and assess their key children's next steps.
- Where there is insufficient time for this to be completed at the setting, then staff will be expected to complete this task at home as part of their job description, and staff are permitted to remotely access Tapestry using their own device. Their access is logged and tracked by Tapestry's security systems.
- Staff are not permitted to download any photographs of the children onto their own device.

- If any member of staff suspects that their login details have been compromised in any way, they must inform the Playleader and a new login will be created.
- The Tapestry online Learning Journey system is hosted on secure dedicated servers based in the UK. All data held on our Tapestry account is owned by Child's Play; we are registered controllers of data with the Information Commissioner's Office and are bound by The General Data Protection Regulations 2018.
- Photographs of children which are stored on the tablets are deleted on a regular basis by a member of staff.

Parents

- Parents logging in to the system can only access their own child's Learning Journey.
- Parents may input new observations and photos and add comments to existing observations. They do not have the necessary permissions to edit existing content.
- Parents are asked to sign a consent form giving permission for their child's image to appear in other children's Learning Journeys, and to protect images of other children that may appear in any photos contained in their child's Learning Journey. If parents withhold this consent their child is only ever photographed alone, and no shared observations are made including that child.

Parents without internet

- For parents without access to the internet, we will print all the information from Tapestry and collate it into a paper Learning Journey.
- This will always be securely kept in the setting in the child's dedicated file for the parent to view and will be available to take home.

When children leave

- When children move to another setting, we will transfer the Tapestry Journal to the new setting if they also use Tapestry. If they do not, we will email a PDF to the setting.
- When a child leaves Whitsers Pre-school to start school, we will email the parents a PDF copy of their child's Learning Journey, so they have a lasting record of their child's time at Preschool.
- The child's information, and their Learning Journey will be permanently deleted from our Tapestry account so no data on that child will remain with us once they have left.
- If the school uses Tapestry, we will transfer the Tapestry Journal to the school. If they do not, we will email a PDF to the school.
